**Subject:** Wildlife West Music Festival Funding

Marcus,

Would you please report to the council on July 2 on whether there is any way the Town could fund the upcoming Wildlife West Music Festival? (Please see the request, below.) Wildlife West has contracts with 2 musicians to perform. The Town has provided advertising, and is continuing to provide additional advertising.

Bob

Hi Estefanie,

According to an article in the Telegraph, Mayor Stearley agreed at the June 18 Town Council meeting to have the Town attorney look into the matter of finding a way to fund the August music festival. Has Mr. Stearley had the attorney look into the matter? If so, when was the request made? Will the issue be discussed at the July 2 Town Council meeting?

Thanks!

John Weckerle
